STATE OF NEW-YORK, }
COMPTROLLER'S OFFICE, }

ALBANY, *October* 8, 1849.

The Comptroller, in obedience to the resolution of the Assembly, of January 9, 1849, directing that he cause to be printed for the use of the Legislature, a statement of all the sales of lands for taxes, under and by virtue of the several acts for the assessment and payment of taxes (not heretofore reported) prior to the sale of 1848, describing the lot and number of acres sold, and the name of the purchaser or purchasers, also the name of the person to whom conveyed by the Comptroller; and that when printed the Comptroller cause the same to be bound, and to furnish each State officer, member and officer of the Legislature, and each county, city, and town clerk with a copy of the same; respectfully submits the following statement, which is intended to embrace all lands sold for taxes from the sale of 1834 inclusive, prior to the sale of 1848, and not heretofore redeemed or cancelled.

The Comptroller would say, that, after conveyances are given, redemptions of parts of the land conveyed are sometimes made, and in such instances, only the number of acres remaining unredeemed are embraced in this report. In many cases it will also be found that the number of acres here reported as having been conveyed will differ from the deeds given. This discrepancy arises from the absence of any record in this office of the precise amount conveyed, and in such instances the true amount which should have been conveyed is here intended to be given.

WASHINGTON HUNT.

NOTE.

Search ought to be made in the Index, under every title by which a tract is known, *although found in one or more places under the title first searched for;* because tracts are sometimes returned to the Comptroller by one of their titles and sometimes by another.
